Dear Q C C I

Hello! I am Micah. I write this letter with great hope that you are fine. Here in Kenya I am alive and kicking. Its nice to mention that you have decided to partner with Horizon by thinking great thoughts and working great works for having chosen to sponsor me. I am in great ~~is~~ preparing to do my final examination.

I lack words to express myself but rather thank the Almighty God because of you. Thank you for being generous and loving. Its my prayer that God will continue showering you with His blessings because God Himself says that a hand that gives is the hand that receives.

I wish you best of luck in all your endeavours
