Dear Jacob & Nancy

Hello Jacob & Nancy? I write this letter with great hope that you are fine. Here in Kenya I am alive and kicking. It's nice to mention that you have decided to think great thoughts and work great by selecting me to be your son. I lack words to express myself but rather thank the Almighty God because of you.

I am in grade eleven, studying at Friends Bwake Boys High School. I enjoy playing hockey and soccer. My best colour is golden. My best meal is Pizza. Thank you for your generosity and love that you ~~with~~ ~~has~~ have shown me. It's my prayer that God will continue showering you with His blessings.

I wish you best of luck in all your endeavours.

GOOD

LUCK

From your loving son

Robert Kimutai.
