

Dear Kristine

Hello! I hope you are fine. It has been so long since we communicated but I am also doing well ~~in~~ here at home.

I have been on the April vacation and I am almost going back to school. I had a good Easter celebrations. I am now in grade 11 and I am doing well in my studies. I have made many friends in school whom we study together. In Kenya, it is now raining heavily and we are experiencing cold nights and days.

I also enjoy being with my fellow children whom I spend time playing with. My best game is volleyball. I also do various activities like sweeping the compound, washing the utensils and cooking.

I really love you so much. I to
