

Dear Chad SP0100163

Hi Chad, hope you are fine, I am also doing good just in quarantine obeying the law of the government, washing hands, social distance and all other rules. My sisters and brothers are also doing good, for the college and high school students are taking online studies because of the Covid 19 but we believe that all will be well, for me I am still waiting to join ^{college} college I have hopes that I will by the end of this month. In this vacation we enjoy playing different games as families and we enjoy since its so friendly.

We also had talent show and it was wonderful having fun and showcasing my talents. For now we find life in quarantine boring since some of us could have joined now and others could have even improve their studies. but all in all we know that nothing is impossible with God and everything has an end. Now we pray that God may be with us. Thank you may God bless you and keep you safe.

I LOVE YOU

Your Daughter
