

Dear Jim

SP01 00473

Hi! Daddy Jim, hope you are fine and doing good, I am fine also, just in quarantine and praying hard knowing that God is going to ~~bless~~ save us from this Covid 19. My sisters and brothers are doing good also, ~~at~~ they are just praying that they may go back to school soon.

Personally I have been waiting to join but due to covid 19 I have not joined but I believe I will join soon - by God's grace. Due to quarantine, my sisters and brothers are learning through online and this is good for them. Right now ~~at~~ we enjoy playing games as families. and this makes us healthy.

Last month we had a talent show and we were very happy expressing our talents, personally I was happy drawing, running, dancing and having other funs with my friends. Actually we find it difficult in the compound because we could have gone to school but we believe all will be well. How I pray that God may be with us. BYE! BYE! God bless you.
