

Dear Gary

How are you? I hope you are fine. Pass my warm greetings to your friends and family. Here in Kenya I am doing well. I am in grade eleven in school and I am working hard to achieve my goals. I am 16 yrs old. When I grow up I would like to become an Architecture. My favorite game is riding bicycle. I count you as a blessing to my life and it is my prayer that God may expand your territory and bless you. I wish you nice time in your endeavors. Thank you Gary for changing my life. I love you Gary
