DEAR DARYL AND CHARLENE

Hi? Hope you are fine despite the pandemic that has hit the world so hard. Here in Kenya, I am doing well and following all I know to avoid contracting the deadly virus, like; keeping social distance and sanitizing my hands everytime. Above all, I am going on well because of God's grace and I am patiently waiting to go back to school and finish my four years course most likely next month.

Personally, I am helping in work but above all, I am studying so hard because I am about to do my final exam this year. While we are still in this quarantine period, I have really enjoyed playing football with fellow brothers and sisters though life is so much different in this period because I have to remain indoors to avoid contracting the virus.

All I hope is God's intervention in this problem so that my fellow brothers, sisters - and I may go back to school. Lots of love and may God bless the good works of your hands.

From ONYANGO SAMSON
