

Dear Patric and Brenda,

Hello Patric and Brenda, how are you, I hope you are doing good, pass my greetings to your family. As for me, am doing well though scared of corona. I keep hoping and praying that everything goes back to normal soon.

Currently I am at home due to closure of schools to prevent further spread of corona. but that does not prevent me from doing personal studies because I want to excell in my exams with flying colours.

So as to avoid boredom during quarantine, I spent free time reading novels. I also participate in game that is volleyball and football. I also enjoy playing Chess. Above all am really praying that may God help us to overcome this corona and that he may protect you with your whole family.

With lots of love from yours
faithfull,

Margaret Gitau.
